PERSONAL MATCHMAKING

A little clarity.
A useful next step.

YOUR PRACTICAL COMPANION

Our communication rhythm.

Two cities. Two lives. One workable week.

Choose a week and name both cities. Confirm the conversions together, especially around clock changes.

Week beginning

Our two cities

CALL WINDOW 01

A moment for us.

City A: local date + start / end time

City B: local date + start / end time

CALL WINDOW 02

Another time that fits.

City A: local date + start / end time

City B: local date + start / end time

Use a city time zone in your calendar. The local dates may differ; check again after travel or a clock change.

BETWEEN CALLS

Keep the expectations simple.

Messages: when we can usually answer

Missed call: how we let each other know + rebook

Time we keep for sleep, work or ourselves

Our review date + one thing to revisit
